OUR LARGE AND INCREASING STOCK, INCLUDING WORTHY NOVELTIES, IS IN SOUND CONDITION FOR THE COMING SEASON. OUR FROST-PROOF CELLARS FOR WINTERING STOCK COVER OVER 10,000 SQUARE FEET. With the five important railroads centering here, we have rare facilities for prompt forwarding to all sections. We are but two days from Cairo, Dunleith, Cincinnati and Louisville, and but one from Chicago, St. Louis, Indianapolis and Lafayette, without transfer, by daily freight trains. We ship, with flattering results, to Mexico, Nova Scotia, Oregon and Maine.

☞ *We call special attention to the choice novelties herein offered.*

☞ NEW GENERAL DESCRIPTIVE CATALOGUE, containing descriptions of many choice new fruits, trees, flowers, etc., now ready for distribution.

☞ For the coming Fall season, we have about half a million of the finest two-year Apple and Crab Trees ever grown here. Other stock in proportion.

TERMS AND CONDITIONS.

1. PRICES do not include packing. For greenhouse stock and packing, see page 15. Please make order for no less amount than $1.00. Needed specification as to age, size, style, etc., state *on the order*, to save trouble of referring to previous correspondence.

This item of expense is saved by parties sending cash with order.

3. Stock and packing guaranteed good. Great care taken to have articles true to name.

4. Prices named rule only when the number specified is taken, except when the order amounts to $10 or more, 5 will be furnished at 10 rates; 50 at 100 rates; 250 at 500; 500 at 1,000 rates.

INSTRUCTIONS AND SUGGESTIONS.

☞ Direct all letters to BAIRD & TUTTLE, Agents, Bloomington, Ill.

Remit by Postal Orders, Bank Drafts (NOT private check) on New York, St. Louis, Chicago, Cincinnati, Philadelphia or Boston, by mail, or U. S. or National currency by express, prepaid. Currency or post stamps by mail at sender's risk, though, for years past, *generally safe*. Letters registered are safer. Send Postal Orders WITH THE LETTER, and NOT in separate envelope.

Roses, Greenhouse, Bedding, and all choice and tender plants should be packed separate from trees, shrubs and bulky articles, and be sent by mail or express. Therefore please write orders for such plants on a separate sheet.

☞ PLEASE LET US KNOW WHAT YOU WANT—ORGANIZE, FORM CLUBS AND BUY AT WHOLESALE! SPECIAL INDUCEMENTS ON LARGE AND EARLY ORDERS. Purchasers by the car load save not only on boxing, but freight agreed through by car load is usually much less in proportion.

☞ Please order EARLY, with order legible and separate from body of letter, with name of Post Office, County and State, and how you wish packages and invoices directed, ON THE ORDER.

TO AVOID MISTAKE AND LOSS—Please never omit in an Order or Letter the following items: 1st, P. O. (in cities give street and No., or No. of Post Office Box, on every letter); 2d, County; 3d, State; 4th, articles wanted, giving the age, class or size, to correspond with this list; 5th, shipping directions: if a new station, tell us on what railroad; 6th, your own name. Please WRITE numbers wanted to each lot, in figures, without using DITTO marks or abbreviations.

Packages four lbs. or less, of plants, trees, etc., can be sent by mail on prepayment of two cents postage for every two ounces or fraction over—a privilege not half appreciated as yet. Young trees of all kinds can be sent by *mail*. Of many wagon loads of mail packages sent by us last season, nearly every article arrived in good condition. Any number of packages can be sent to one address.

☞ Where Mailing will not answer. Expressing is confidently recommended on all small perishable lots, or for great distances, where there are many re-shipments. For putting up all plants, we have abundance (several car loads) of moss.

If packages do not reach you soon after receiving notice of shipment, *write immediately*, that we may do what we can to trace and hasten them forward.

We usually commence packing, in the Spring, from open ground, by the 12th of March, or sometimes the last of February, and in the Fall, about the 1st of October. Currants, Gooseberries, Strawberries, Rhubarb, Pæonies, etc., etc., can be moved September 1st. WE PACK AND SHIP SEEDS, CUTTINGS, CIONS, STOCKS, ROOT-GRAFTS, GREENHOUSE AND A LARGE ASSORTMENT OF NURSERY STOCK FROM THE CELLARS ALL WINTER.

*Diospyros Kaki (Fruit of the Gods,) or Japanese Persimmon.

COL. HOLLISTER, of Santa Barbara, Cal., who has fruited it three years, says: "The fruit is, I think, the most beautiful of all the fruits I have ever seen, and is most delicious to the taste. I carried four of them to San Francisco last Fall, which weighed three-quarters of a pound each. The fruit is a rich golden color, approximating toward a red, and seems more like a ball of wax than a fruit. It is simply splendid. I think it will be the greatest acquisition to our country ever introduced."

Meager reports received by us this season indicate that this fruit is not sufficiently hardy to withstand the severe winters of the North, but it is reported to be a great acquisition to the Southern States, and there is increased demand from that section.

HAKUME KAKI—The fruit of which is eaten fresh from the tree.

MINE KAKI—Ripened by packing a short time in straw or bran.

HATSIGA KAKI—The best variety for drying.

Strong, vigorous trees, now on hand ready for shipment. One-year trees, about two feet, per tree, 75 cents, or free by mail, $1.00; 2-year trees, at $1.00 per tree, cash with order.
